

**CHESS  
CLASSES**

**Prep -  
Year 6**

## Set your child up for life!

One of the main aims of Chess Mates is to foster a love of chess in children and in so doing help them reap the benefits **educationally and psychologically** in a world of increasing complexity.

Our fun weekly classes will:

- Enhance reading, memory, language, and mathematical abilities
- Foster critical, creative, and original thinking
- Strengthen problem solving skills, teaching how to make difficult and abstract decisions independently

Learning chess has been shown to improve overall performance at school by nearly 20% compared with children who have not played chess.
